

The Welsh Government sees Apprenticeships as a way to kick start the economy during this coronavirus pandemic.

Have you considered taking on an apprentice through Torfaen Training? From 1st August 2020 we can offer apprenticeships in Business Administration, Customer Service, Health and Social Care, Children's Play, Learning and Development, Retail and Warehousing.

Apprenticeships are an all age programme. Apprentices can be employed for a minimum of 16 hours per week, and can be paid £4.15 per hour, or more, while they work towards a nationally recognised qualification.

This year's school leavers have had a rough time, with school suddenly ending and the chance to excel in their exams being taken away from them. Can you please offer them an opportunity?

If you would like to discuss this further, please contact either

Nic or Lauren on
